

GAUCHO RACING

SPONSORSHIP PACKAGE

2026 - 2027

Who We Are

Gaucha Racing is the University of California, Santa Barbara's **Formula SAE Electric** team and official chapter of SAE International. Our student led organization brings together **over 100 students** to **design, build, and compete** with fully electric formula-style race car.

Founded in 2021, our team has rapidly grown into **one of UCSB's largest engineering organizations**, providing members with **hands-on technical experience** and **leadership** opportunities, leaving them **prepared for the industry**.

What We Do

Each year, our team **designs, manufactures, tests, and competes** with an electric formula-style race car in the Formula SAE Electric competition against **100 other universities**.

Our 2026 season marked our strongest performance yet, as we **passed technical inspection, competed in all dynamic events, placed 30th overall, and finished 20th in the Endurance** event against top universities from around the world.

What Sets Us Apart

Gaucha Racing is more than a student competition team. We are an organization developing the **next generation of engineers, business leaders, and innovators**.

Our members gain experience in:

- **Vehicle design, manufacturing, and testing**
- **Project management and cross-team collaboration**
- **Finance, sponsorship, and business development**
- **Leadership** in a fast paced engineering environment

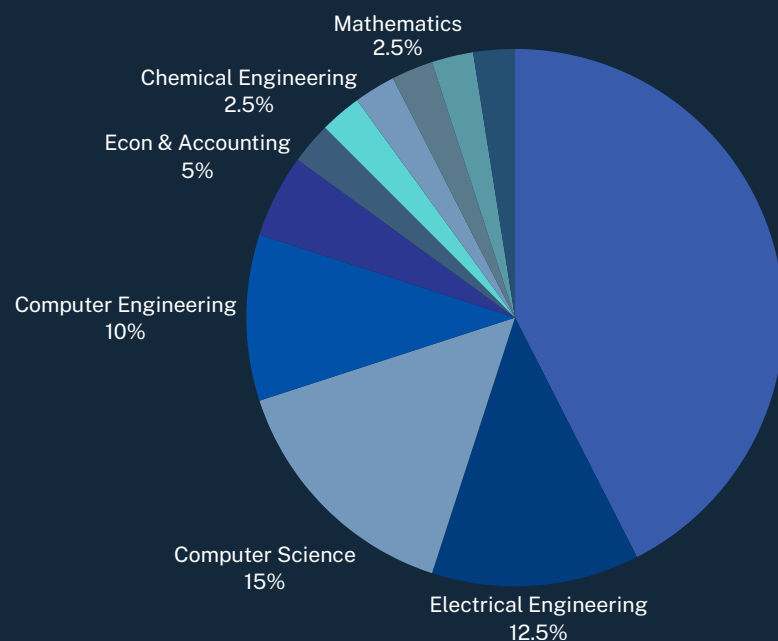

Our Team

Membership

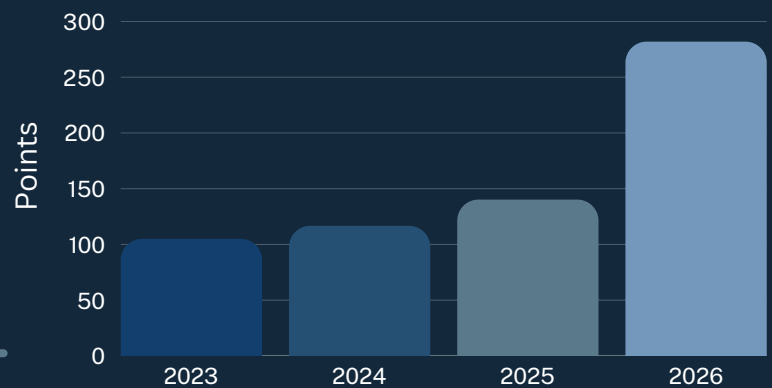

Gaucha Racing brings together students from **diverse academic disciplines**. From **mechanical** and **electrical engineering** to **statistics**, **accounting**, and **communications**, our members work together to solve complex challenges as one team.

Majors

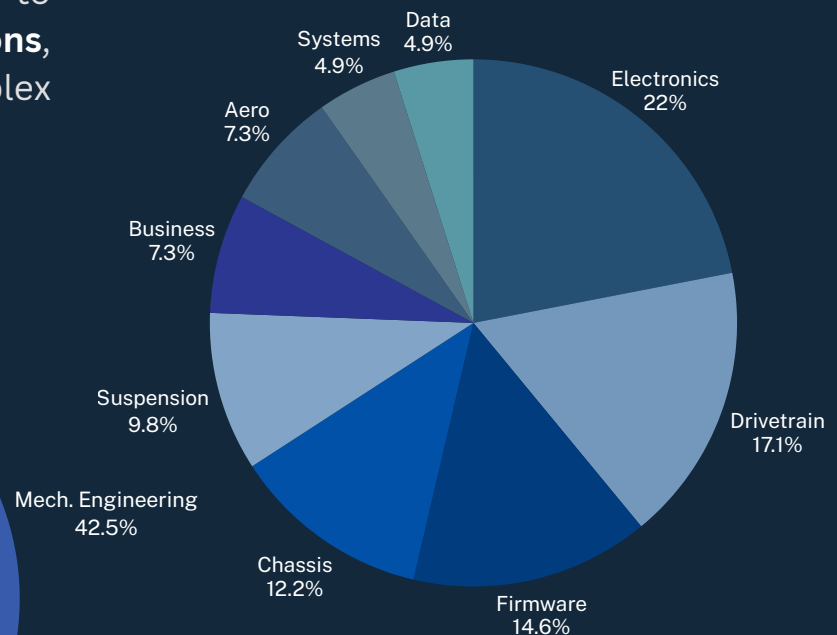

Continuous Improvement

Since our founding in 2021, Gaucha Racing has steadily **improved** its **competitive performance** while expanding both the size and capabilities of the team. Each season has built upon the last, resulting in **stronger engineering**, **better organization**, and increasingly **competitive results**.

Subteam Distribution

Preparing the Next Generation

Where Our Members Go

The experience gained through Gaucha Racing prepares students for careers at some of the **world's leading companies**. Our alumni and members have earned internships and full-time positions across aerospace, automotive, manufacturing, and software industries.

Driving Careers Forward

“Gaucha Racing is the **greatest experience building program** at UCSB for an engineer; working with the team to take designs **from concept** and turning them **into reality** taught valuable skills you would not learn in any courses offered.”

- **Jackson Kevan**
Alumni, Honda Racing

“This summer I'm working as a Materials and Process Engineering Intern at Joby Aviation, and the experience I've gained through **Gaucha Racing was one of the biggest factors in me landing this internship**. Using CAD tools, understanding material properties, and manufacturing parts are just some of the skills I was able to show off, and I now have the opportunity to continue to improve those skills in a real-world setting.”

- **Jackson Tiengtum**
Vice President, Joby Aviation

Why Sponsor Us?

Recruit Top Talent

Connect with highly motivated students who have **hands-on experience** in **design**, **manufacturing**, **finance**, and **project management**. Members and alumni have gone on to internships and full-time roles at companies that have sponsored us.

Increase Brand Visibility

Showcase your brand at Formula SAE competitions, campus events, recruitment activities, and across our website and social media. Sponsor **logos** are **displayed** on our **race car**, **team apparel**, and **marketing materials**.

Validate Your Products

Our team **integrates sponsor products** into a demanding engineering environment, providing **real-world testing**, **technical feedback**, and **practical applications** before students enter industry.

Invest in Future Engineers

Your partnership provides students with **opportunities** that extend far **beyond the classroom**. From manufacturing and **vehicle development** to **leadership**, **business operations**, and **project management**, every contribution helps prepare the **next generation of industry leaders**.

Tax Deductible

Gaucho Racing operates as a **501(c)(3) nonprofit organization**. Monetary and many in-kind contributions are tax-deductible and we are happy to provide any necessary documentation.

SPONSORSHIP TIERS

Gaucha Racing is a **501(c)(3) non-profit organization**. We welcome both monetary donations and in-kind donations (materials, tools, equipment, services).
